STATEWIDE CAP ON GREENHOUSE GAS EMISSIONS )**

**ENTRY OF APPEARANCE OF  
ROCKY MOUNTAIN YOUTH CORPS**

COMES NOW Rocky Mountain Youth Corps pursuant to Rule 20.1.1.303 hereby enters its appearance in this proceeding. In support thereof Rocky Mountain Youth Corps states the following:

1. Rocky Mountain Youth Corps (RMYC) was created in 1995 to revitalize community, preserve and restore the environment, prepare young people for responsible and productive lives, and build civic spirit through service. Rocky Mountain Youth Corps recognizes and engages the strengths and potential of youth through team service in the schools, the communities, and the landscapes of northern New Mexico. RMYC is based in Taos, and serves north central New Mexico. RMYC Corpsmembers are introduced to environmental stewardship ethics through the completion of restoration projects throughout the state, creating the connection between personal responsibility and conscientious respect for the environment.
2. Rocky Mountain Youth Corps supports New Energy Economy's Petition to cap emissions of greenhouse gases because there is compelling scientific evidence from bodies such as the Intergovernmental Panel on Climate Change showing that climate change is caused by human activity and is more serious than ever before. Climate model projections indicate that the global surface temperature will rise significantly by 2100 if 'business as usual' continues and the consequences could vary from disruptive to catastrophic.
3. RMYC should be served with copies of all documents filed in this proceeding via email. Service should be provided to: colonius@youthcorps.org

WHEREFORE, for the foregoing reasons, Rocky Mountain Youth Corps enters its appearance in this proceeding.

For the Corps,
